

Creative Commons licence for AccuCities samples

In our drive to retain our position as London's most innovative mapping agency, AccuCities is proud to announce that all of our Free 3D City Models samples under a Creative Commons Attribution-ShareAlike 4.0 International License. This licence allows for the widest possible freedom to use our sample 3D city models.

Attribution-ShareAlike (CC BY-SA) Licence

This license lets users remix, adapt, and build upon our work even for commercial purposes, as long as the users credit us and license their new creations under the identical terms. This license is often compared to “*copyleft*” free and open source software licenses. All new works based on yours will carry the same license, so any derivatives will also allow commercial use. We strongly advise users to read the entire license.

The Creative Commons Attribution-ShareAlike 4.0 International License is valid for Free Samples Only as indicated on its product pages. As of 26,04,2020 this licence is valid for AccuCities [Free 3D London model](#), [Free 3D Cardiff model](#), [Free 3D Bristol model](#) and [Free 3D Dublin model](#).
